ELA

This week we will be learning about similes and metaphors, while adding them to enhance our personal narratives. We will continue drafting our personal narratives, using clear details along with an example of cause and effect. We will be writing a strong conclusion and completing rough drafts by the end of the week.

SOCIAL STUDIES

At the start of this week students will learn about Columbus/Indigenous Peoples Day. This holiday ties in nicely as we have been learning about explorers throughout the chapter. We will finish up Chapter 2 this week by learning about the United States after World War II and how it has changed over time. We have been reviewing in class frequently but will spend Wednesday reviewing and preparing for our **test on Thursday.**
