

Fourth Grade News

October 20, 2025

ELA

As personal narratives come to an end this week, our fourth graders will be assessed on the content from the first unit of our curriculum. This will be done in two ways; a written multiple choice quiz and a comprehension assessment out of our ELA workbook. Please note: The multiple choice quiz covers concepts we have learned together, while the comprehension assessment displays individual student performance at a fully independent level.

Important Info:

Oct. 22: Harvest Day (Dress like a farmer or wear fall colors eg. yellow, orange, brown)

Oct. 24: Reading Log #2 Due

Oct. 28: Boo Gram Orders Due

MATH

We are continuing our Multiplication Unit. We are learning to multiply two digit by one digit. **Please continue to help your child memorize their multiplication facts.** This will help them out immensely! Thank you!

LESSONS THIS WEEK

- Monday-Lesson 2.5
- Tuesday-Lesson 2.6
- Wednesday-Lesson 2.8
- Thursday-Lesson 2.9
- Friday-Lesson 2.10

SCIENCE

This week, we will begin our first science unit, Energy! A study guide will be coming home so, be on the lookout for it. Please help your child study a little each night for an end of the unit assessment.

The students will be able to do a fun experiment with race cars and tracks. The purpose of this lab is to allow students to explore through inquiry, the relationship between potential and kinetic energy.

TRICK OR TREAT
